The JHTA invites **all members, teams, families and friends** to stand with thousands of volunteers worldwide in the largest single-day coastal cleanup on earth. Our beaches sustain livelihoods, shelter marine life and carry our tourism industry: for one morning, we give something back.

01

Protect Marine Life

Remove litter and debris before it reaches reefs, mangroves and open water.

02

Preserve the Destination

Cleaner, healthier beaches for residents, visitors and generations to come.

03

Lead by Example

Show the tourism industry's living commitment to environmental stewardship.

04

Join the World

One of thousands of sites worldwide acting together on a single morning.

Every bottle lifted and every hand that helps makes Jamaica cleaner, safer and more sustainable.

Be part of the solution. Be part of the movement.
